Chapter 1

Agency Onboarding Portal Overview

The agency onboarding portal allows you to create an account profile with LexisNexis® and perform various functions.

Functions that you can perform with an account profile include:

- Log in and view account details
- Submit an application for LexisNexis services
- Revise applications for submission when necessary
- Submit applications for multiple locations with the same profile
- Add a secondary contact to represent the agency
- Add, modify, and/or delete users
- View document requests from LexisNexis
- Upload and view documents submitted to LexisNexis
- View detailed status of the onboarding process
- Allow additional users the ability to access the account profile and manage the business

About Publication

This publication contains information related to the agency onboarding process.

Conventions

This publication uses various conventions to provide information in a standardized format.

Cross-references

Cross-references link to other sections, and you can click the cross-reference to go to the referenced section.

Cross-references appear in the following format:

See "Conventions" on page 5.

Information Icons

LexisNexis® Risk Solutions uses icons to highlight specific types of information.

This note icon precedes important information.

This tip icon precedes helpful information.

This warning icon precedes information that is intended to help prevent you from negatively affecting your processes.

Support

For assistance, you can contact the LexisNexis support team at 800.456.6432. Select option 1, and then option 2, to speak to a customer support representative. Representatives are available 24/7.

You can also chat with a representative using the chat link on the top right of the portal. The chat feature is available during the following times.

Monday to Thursday - 9:00 A.M. to 6:00 P.M. Eastern Time

Friday - 9:00 A.M. to 4:00 P.M. Eastern Time

Saturday and Sunday - Closed

Chapter 2

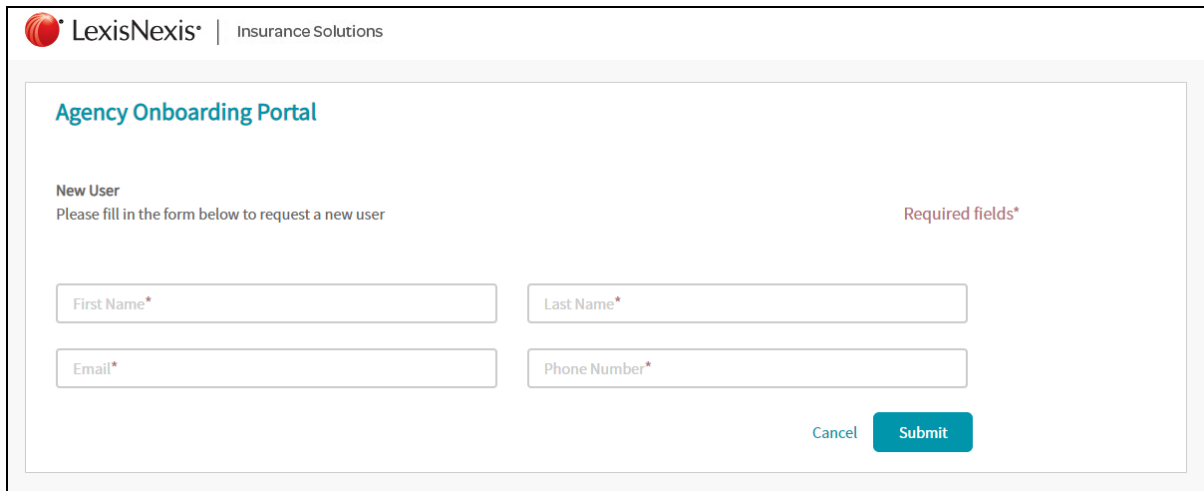

User ID Creation and Authentication

To access the agency onboarding portal, you must create a user ID and password.

Procedure:

1. Go to <https://insurancesolutions.lexisnexisrisk.com/idslogin/newagent/>.

The New User page is displayed.

The screenshot shows the 'Agency Onboarding Portal' interface. At the top, there is a header with the LexisNexis logo and 'Insurance Solutions'. Below this, the title 'Agency Onboarding Portal' is displayed in blue. Underneath, the section 'New User' is shown with the instruction 'Please fill in the form below to request a new user'. To the right of this instruction, the text 'Required fields*' is written in red. The form consists of four input fields arranged in a 2x2 grid: 'First Name*', 'Last Name*', 'Email*', and 'Phone Number*'. Each field has a red asterisk indicating it is required. At the bottom right of the form, there are two buttons: 'Cancel' and 'Submit'.

2. Populate the required fields, and click **Submit**.

You will receive two auto-generated emails from donotreply@lexisnexis.com, one with your user ID information and the other with a temporary password. Ensure that you add this email address to your safe senders' list.

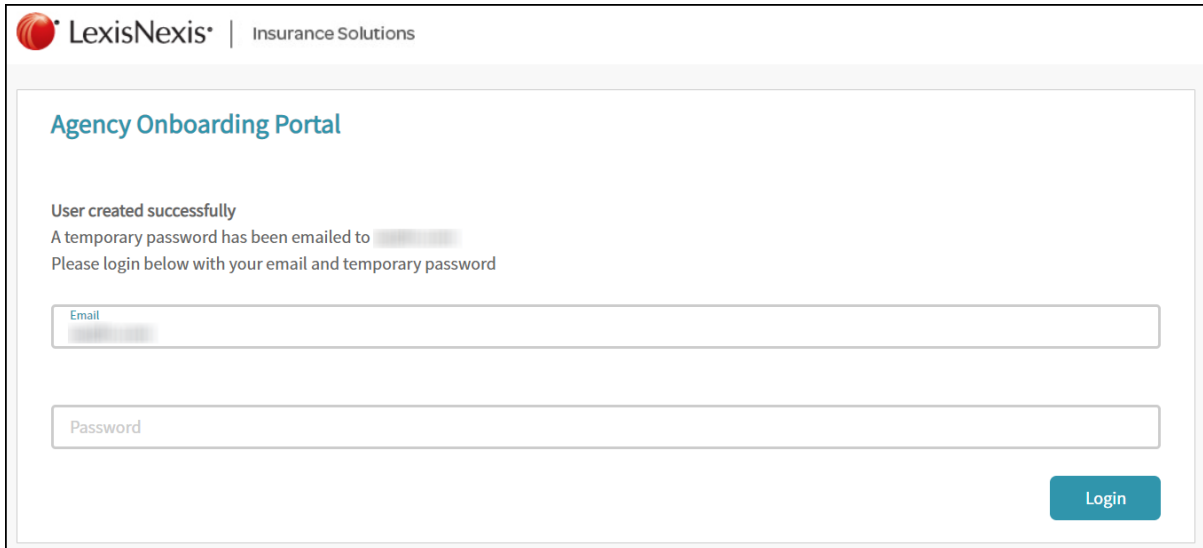

If your user ID already exists, a message is displayed asking you to sign in with your password.

3. Your email address is pre-populated. Enter the password that you received, and click **Login**.

The temporary password that you receive is case-sensitive.

The New User Setup page is displayed.

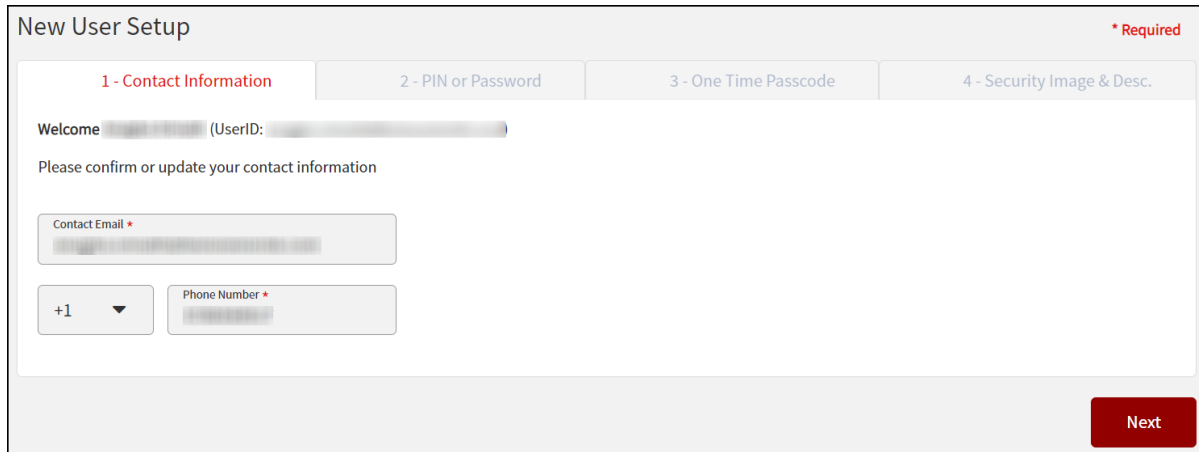

Set Up Security Options

The New User Setup page lets you verify your contact information, select your preferred method of sign-in, review the channels to receive the LexisNexis® One Time Password (OTP), and choose a security image and description.

Verify Contact Information

In the Contact Information tab, your email address and phone number are pre-populated.

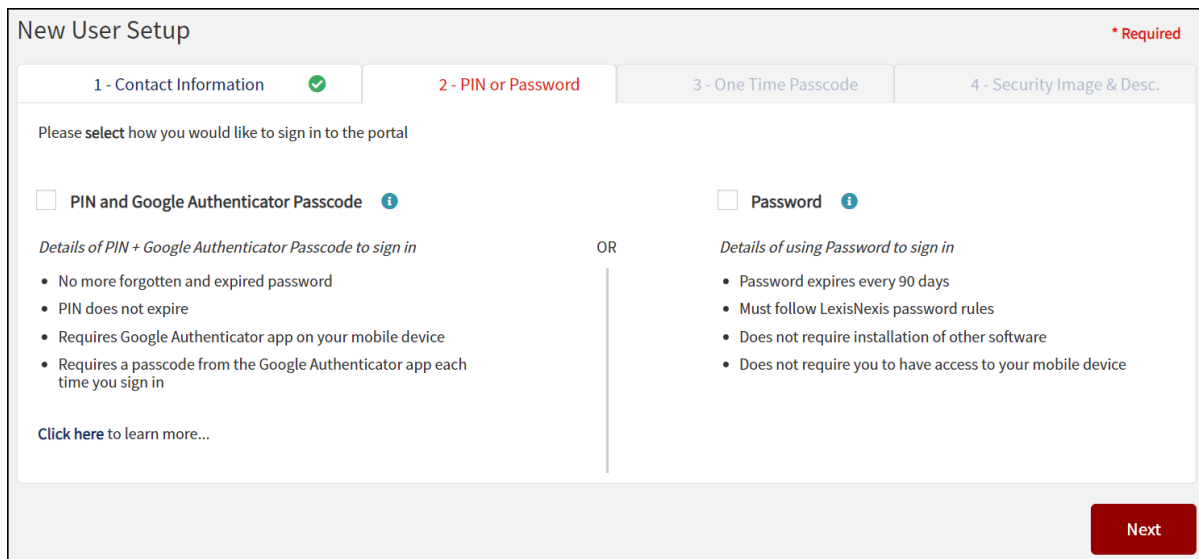

Verify your contact information, and click **Next**.

The screenshot shows the 'New User Setup' page with four tabs: '1 - Contact Information' (active), '2 - PIN or Password', '3 - One Time Passcode', and '4 - Security Image & Desc.'. A red asterisk and 'Required' text are in the top right. Below the tabs, it says 'Welcome [redacted] (UserID: [redacted])' and 'Please confirm or update your contact information'. There are two input fields: 'Contact Email *' with a red asterisk and a redacted email address, and 'Phone Number *' with a dropdown set to '+1' and a redacted phone number. A red 'Next' button is at the bottom right.

Set up Sign-in Method

You can sign in using a PIN (Personal Identification Number) and a Google Authenticator passcode, or a password.

The screenshot shows the 'New User Setup' page with four tabs: '1 - Contact Information' (completed with a green checkmark), '2 - PIN or Password' (active), '3 - One Time Passcode', and '4 - Security Image & Desc.'. A red asterisk and 'Required' text are in the top right. Below the tabs, it says 'Please select how you would like to sign in to the portal'. There are two options: 'PIN and Google Authenticator Passcode' (selected with a blue circle icon) and 'Password' (with a blue circle icon). Below each option are details: 'Details of PIN + Google Authenticator Passcode to sign in' (No more forgotten and expired password, PIN does not expire, Requires Google Authenticator app on your mobile device, Requires a passcode from the Google Authenticator app each time you sign in) and 'Details of using Password to sign in' (Password expires every 90 days, Must follow LexisNexis password rules, Does not require installation of other software, Does not require you to have access to your mobile device). A link 'Click here to learn more...' is at the bottom left. A red 'Next' button is at the bottom right.

To sign in using the **PIN + Google Authenticator Passcode** option, see "PIN and Google Authenticator Passcode" on page 10.

To sign in using the **Password** option, see "Password" on page 15.

PIN and Google Authenticator Passcode

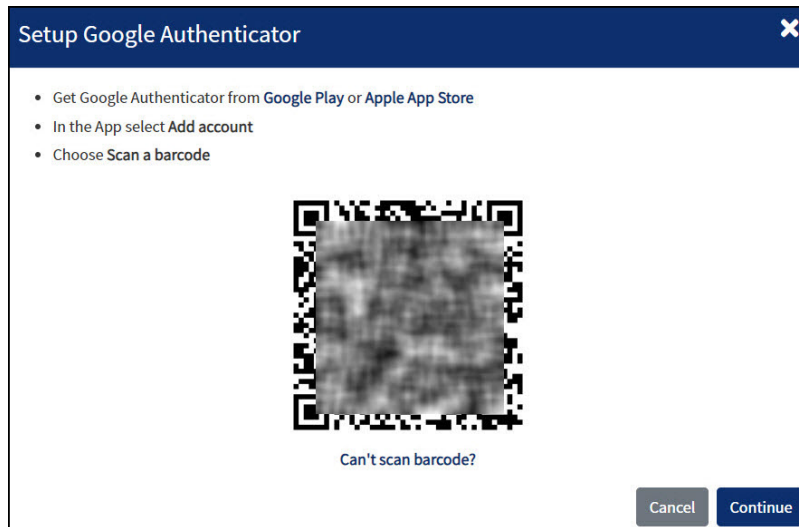

If you choose PIN and Google Authenticator passcode as the method of sign-in, you must register your mobile device.

Procedure:

1. Select **PIN and Google Authenticator Passcode**.

The screenshot shows the 'New User Setup' page with four tabs: '1 - Contact Information' (active, green checkmark), '2 - PIN or Password' (selected, red text), '3 - One Time Passcode', and '4 - Security Image & Desc.'. Below the tabs, it says 'Please select how you would like to sign in to the portal'. There are two options: 'PIN and Google Authenticator Passcode' (selected with a blue checkmark and an information icon) and 'Password' (unselected, with an information icon). Below this is a section titled 'PIN and Google Authenticator Setup'. It contains a checkbox 'Do you want to create New PIN | Change PIN' which is checked. There are two input fields: '4 Digit PIN *' and 'Confirm 4 Digit PIN *'. To the right of these fields are 'Pin Requirements' listed with red error icons: 'Must be 4 digits long' and 'Must contain at least 1 digit that is not 0 or 1'. A blue 'Register Device' button with a red asterisk is to the right of the requirements. Below the button is the text '(To setup Google Authenticator)'. At the bottom right of the form is a red 'Next' button.

2. Create a 4-digit PIN.
Make sure that the stated PIN requirements are met. As each requirement is met, the label turns green with a green check mark next to the corresponding label.
3. Click **Register Device**.
A pop up window with information about Google Authenticator is displayed.
4. Click **Continue**.
A window with a barcode is displayed.

You can register your device either by scanning the barcode or by entering the key provided on the portal.

Depending on whether your device uses the iOS platform or the Android platform, go to the following sections.

- "iOS Platform" on page 11
- "Android Platform" on page 14

5. After registering your device, click **Next**.

If you opt to use Google Authenticator for sign-in, and for any reason, are unable to access the six-digit passcode on Google Authenticator, you can sign in using a password. For more information, see "Google Authenticator not Available" on page 40.

iOS Platform

You can register your device either by scanning the barcode or by entering the key.

Scan Barcode

You can register your device by scanning the barcode.

Procedure:

1. In Google Authenticator, tap **+**, and select **Scan barcode**.

 *If Google Authenticator does not have permission to access the camera on your device, a pop-up window is displayed asking you to enable camera access.*

2. Scan the barcode provided on the portal window.
A six-digit passcode is displayed on your device.
3. On the portal window, click **Continue**.
4. Enter the six-digit Google Authenticator passcode that you see in the app, and click **Submit Code**.
A message showing successful passcode verification is displayed.

 *If you see a message that says the Google Authenticator passcode is invalid, the passcode might be near expiration. See "Invalid Google Authenticator Passcode" on page 42 for more details.*

5. Click **Close** on the portal window.
Your device is now registered on Google Authenticator for the Insurance Solutions portal.

Enter Key

You can register your device by entering the alphanumeric key.

 *The alphanumeric key is long and case-sensitive, because of which there is a high probability of an error while entering. Therefore, use this option only if you are unable to scan the barcode.*

Procedure:

1. On the portal window, click **Can't scan barcode?**.
A multi-character alphanumeric key is displayed.
2. In the Google Authenticator app, tap , and select **Manual entry**.

3. Enter your account name and the alphanumeric key in the spaces provided.

4. Make sure that the **Time based** toggle is turned on. Tap the check mark to save the details.
A six-digit passcode is displayed on your device.
5. On the portal window, click **Continue**.
6. Enter the six-digit passcode that you see in the app, and click **Submit Code**.
A message showing successful passcode verification is displayed.

If you see a message that says the passcode is invalid, the passcode might be near expiration. See "Invalid Google Authenticator Passcode" on page 42 for more details.

7. Click **Close** on the portal window.
Your device is now registered on Google Authenticator for the Insurance Solutions portal.

Android Platform

You can register your device either by scanning the barcode or by entering the key.

Scan Barcode

You can register your device by scanning the barcode.

Procedure:

1. In Google Authenticator, tap , and select **Scan a QR code**.

 *If Google Authenticator does not have permission to access the camera on your device, a pop-up window is displayed asking you to enable camera access.*

2. Scan the barcode provided on the portal window.
A six-digit passcode is displayed on your device.
3. On the portal window, click **Continue**.
4. Enter the six-digit passcode that you see in the app, and click **Submit Code**.
A message showing successful passcode verification is displayed.

 *If you see a message that says the Google Authenticator passcode is invalid, the passcode might be near expiration. See "Invalid Google Authenticator Passcode" on page 42 for more details.*

5. Click **Close** on the portal window.
Your device is now registered on Google Authenticator for the Insurance Solutions portal.

Enter Key

You can register your device by entering the alphanumeric key.

 *The alphanumeric key is long and case-sensitive, because of which there is a high probability of an error while entering. Therefore, use this option only if you are unable to scan the QR code.*

Procedure:

1. On the portal window, click **Can't scan barcode?**.
A multi-character alphanumeric key is displayed.
2. In Google Authenticator, tap , and select **Enter a setup key**.

3. Enter your account name and the alphanumeric key in the spaces provided.

A screenshot of the 'Enter account details' screen in the Google Authenticator app. At the top, there is a back arrow and the title 'Enter account details'. Below the title are two text input fields: 'Account name' and 'Your key'. At the bottom, there is a dropdown menu labeled 'Type of key' with 'Time based' selected, and a blue 'Add' button to its right.

4. For the type of key, select **Time based**, and click **Add**.
A six-digit passcode is displayed on your device.
5. On the portal window, click **Continue**.
6. Enter the six-digit passcode that you see in the app, and click **Submit Code**.
A message showing successful passcode verification is displayed.

If you see a message that says the passcode is invalid, the passcode might be near expiration. See "Invalid Google Authenticator Passcode" on page 42 for more details.

7. Click **Close** on the portal window.
Your device is now registered on Google Authenticator for the Insurance Solutions portal.

Password

If you choose to sign in using a password, you must create a password.

Procedure:1. Select **Password**.

New User Setup * Required

1 - Contact Information ✔ 2 - PIN or Password 3 - One Time Passcode 4 - Security Image & Desc.

Please select how you would like to sign in to the portal

☐ PIN and Google Authenticator Passcode i ☒ Password i

Password

☒ Do you want to create New | Change Password

Current Password Expiration Date: Exp. 12/31/2023

Password Requirements:

- Password must be at least 8 characters long.
- Password must contain at least one uppercase letter.
- Password must contain at least one lowercase letter.
- Password must contain at least one number.
- Password must contain at least one special character.
- Password cannot be the same as your email address or phone number.
- Password cannot be a common word or phrase.
- Password cannot be a simple sequence of numbers or letters.

Next

2. Create a password.

Make sure that the stated password requirements are met. As each requirement is met, the label turns green with a green check mark next to the corresponding label.

3. Click **Next**.

Once you log in, you can change your preferred method of sign-in by clicking the **Account Settings** or **Security Settings** tab on the portal header.

Review OTP Options

If you forget your PIN or password, or want to reset your PIN or password, you need the OTP.

Your email address and phone number are pre-populated, and can be used to receive the OTP.

Additionally, you can receive the OTP through Google Authenticator, which is an optional channel:

- If you have previously registered your device while selecting your sign-in method, you do not need to re-register your device. Your device registration with Google Authenticator is common, regardless of the tab from which you register your device.
- If you have not previously registered your device, you can register your device by clicking **Register Device**. Follow the steps outlined in “Set Up Sign-in Method”.

Click **Next**.

In certain situations, it becomes necessary to re-register your device on the portal. For more information, see "Re-Register Device" on page 39.

Select Security Image and Description

Every time you sign in to the portal, your selected security image and description are displayed, which let you know that you are on the correct website.

Procedure:

1. Click **Select Security Image/Description**.

New User Setup * Required

1 - Contact Information ✓ 2 - PIN or Password ✓ 3 - One Time Passcode ✓ 4 - Security Image & Desc.

Remember your security image and description. You will see it when you sign on to the LexisNexis Insurance Solutions portal. Seeing your image and description when signing on will let you know you are on the LexisNexis Insurance Solutions website and not an imposter site.

Security Image and Description *

Select Security Image/Description

Save & Continue

2. Select a category from the drop-down list, and select an image.
3. Enter a description for the selected image, and click **Continue**.
The selected image and description are displayed in the space provided.
4. Click **Save & Continue**.
A confirmation message about your security settings having been updated successfully is displayed.
Click **Continue** to go to the portal.

Chapter 3

Complete New Application

In order to access our Insurance products, you must create and submit an application for service.

Set Up Location Type

You must submit an application for every location from which you need access to our products.

Procedure:

1. On the Location setup page, select **Brand New Location** if:
 - Your agency location does not have a relationship with LexisNexis® Risk Solutions
 - Your agency location has undergone an ownership/entity change
 - You need to submit an application for an additional location

Location Type - Provide Initial Info

Please let us know first if you want to setup brand new or existing location: ⓘ

- ☐ Brand New Location - you DO NOT currently have any node for this location at LexisNexis
- ☐ Existing Location - New Entity/Ownership
- ☐ Existing Location - Update MVR Forms
- ☐ Existing Location - Commercial Certification
- ☐ Existing Location - Agency Billed MVR Account
- ☐ Other

If you select **Other**, the contact information for the LexisNexis Risk Solutions Support team will be displayed. Contact the team for assistance on how to proceed.

2. When you select **Brand New Location**, your user information is pre-populated in the Contacts pane on the right.

Location setup wizard Step 1 - Provide Initial Info

Please let us know first if you want to setup brand new or existing location *

☒ Brand New Location - you DO NOT currently have any node for this location at LexisNexis

☐ Other

Brand new location

You selected **Brand New Location**.

This means you currently **DO NOT** have any **NODE** for this location at LexisNexis and you want to initiate brand new setup.

In order to complete new setup you'll have to file **Application for Service** with information about your agency - legal name, address, contacts etc.

Pre-populate contacts for the new contract

If you would like to use the existing contacts from previous contracts and/or existing agency onboarding portal users, then please select the contact(s) from the left box and add them to the right box. The contact(s) in the right box will be pre-populated on the new contract. The first contact in the right box will be identified as the Agent Primary. You will be able to modify any of the contact information in the new application workflow.

Existing contacts and agency onboarding portal users

Will be pre-populated as contacts in the new contract

Existing contacts and agency onboarding portal users	Will be pre-populated as contacts in the new contract
	User, New (portal) (primary)

If there are no users in the left pane, you are the only user on the account.

Select your information, and click **Next**.

3. Verify your contact information, and click **Confirm**.

Location setup wizard Step 2 - Confirm Location Info

Create new Application for Service contract

We are ready to create Application for Service contract which is required for the brand new location setup. If you opted to pre-populate this contract with any information on previous step, you can validate this information below. If you preferred to skip pre-population, contract will be created blank. You always can delete/edit pre-populated information or add additional info on later steps .

Existing contacts that will be added to Application for Service contract

First Name	Last Name	Email	Phone	Fax	Primary
New	User		5555555555	-	Yes

At this point, you have the option to save your application and resume the process at a later time.

Enter Agency Details

All sections related to agency details are displayed by default. You can navigate to the specific section by clicking the appropriate tab.

In each section, required fields have an asterisk next to the field name.

It is recommended that you have the following information ready, before you proceed:

- Principal of the agency - first name, last name and email address
- Agency information - name, physical address, phone number, and FEIN (federal employer identification number) or SSN (Social Security number), if FEIN is not available
- Secondary contact person and/or additional users for the agency - first name, last name, phone number and email address
- IP address of the device from which you will be accessing data
- Witness information - first name, last name, title, email address, phone number and fax number
The witness must be physically present with you when you sign and submit the application.
- Sponsoring insurance carrier(s) and agency ID assigned to you by those carriers

Agency Primary Contact

The primary contact refers to the principal of the agency, or a person authorized to sign legal documents on behalf of the agency.

For security purposes, mother's maiden name is required.

Sponsors

Sponsors are the insurance carriers who sponsor your agency.

From the drop-down list, select the insurance carriers who will be sponsoring your agency. You can click  to add additional sponsors. It is important that you select the appropriate carrier(s) with whom you conduct business, to ensure your application is processed accordingly.

In the **Agency ID code** field, enter the unique identifier assigned to your agency by the insurance carrier. If you do not have the agency ID code, enter NONE.

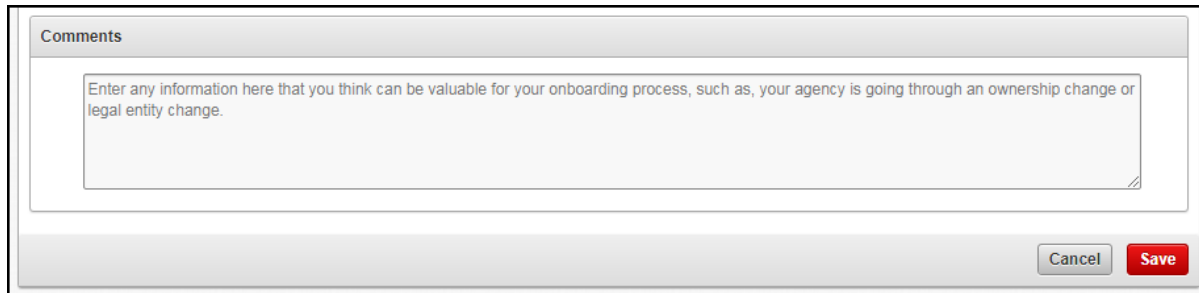

If your sponsor is not mentioned in the drop-down list, contact the Customer Support team at 800.456.6432, or use the chat feature to chat with a customer support representative.

Show All	Agency Primary Contact	Agency Information	Agency Contacts	IP address	Witness Information	Sponsors	Comments
Sponsors							
A minimum of one sponsor is required. You may reference up to six total sponsors to assist us with the proper setup of your account. If you have an Agency ID code, please enter it in the field below. If you are unsure or do not have one, please enter "None". It is your responsibility to contact any and all sponsoring companies and request that they submit the appropriate authorization on your behalf. Failure to do so will delay the account setup process.

Comments

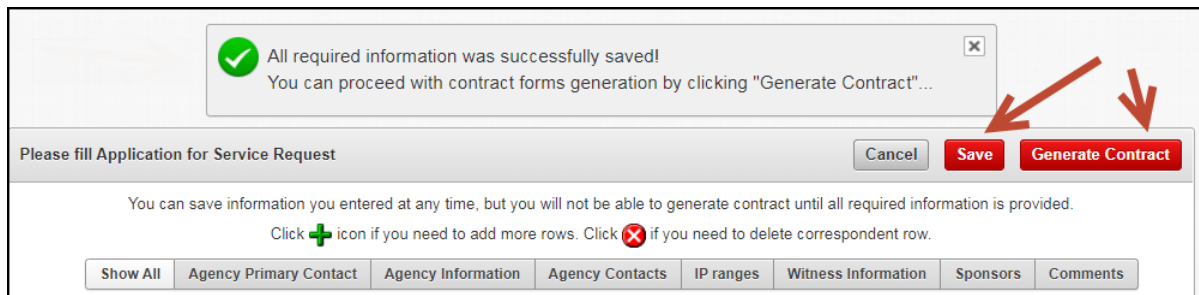

Comments can include details that may assist in onboarding your agency in a timely manner, such as the reason for submitting an application, ownership change, entity change, or a new location.

After entering the required information in all the agency details sections, save the information.

The screenshot shows a 'Comments' section with a text area containing the placeholder text: 'Enter any information here that you think can be valuable for your onboarding process, such as, your agency is going through an ownership change or legal entity change.' Below the text area are 'Cancel' and 'Save' buttons.

A message is displayed, indicating that your information has been saved.

The screenshot shows a success message: 'All required information was successfully saved! You can proceed with contract forms generation by clicking "Generate Contract"...'. Below the message, there are 'Cancel', 'Save', and 'Generate Contract' buttons. Two red arrows point to the 'Save' and 'Generate Contract' buttons. Below the buttons, there is a message: 'You can save information you entered at any time, but you will not be able to generate contract until all required information is provided. Click + icon if you need to add more rows. Click X icon if you need to delete correspondent row.' At the bottom, there is a navigation bar with buttons: 'Show All', 'Agency Primary Contact', 'Agency Information', 'Agency Contacts', 'IP ranges', 'Witness Information', 'Sponsors', and 'Comments'.

Review your information for accuracy.

At this point, you have the option to continue your application at a later time.

Once you have saved your information, click **Generate Contract** to proceed to submit the application.

Review and Sign Documents

You must review and electronically sign the documents, after which you can submit the created application.

Procedure:

1. On the **Documents** tab, click **Please review documents**.

Chapter 4

Account Management

The portal allows you to view account details and manage your account.

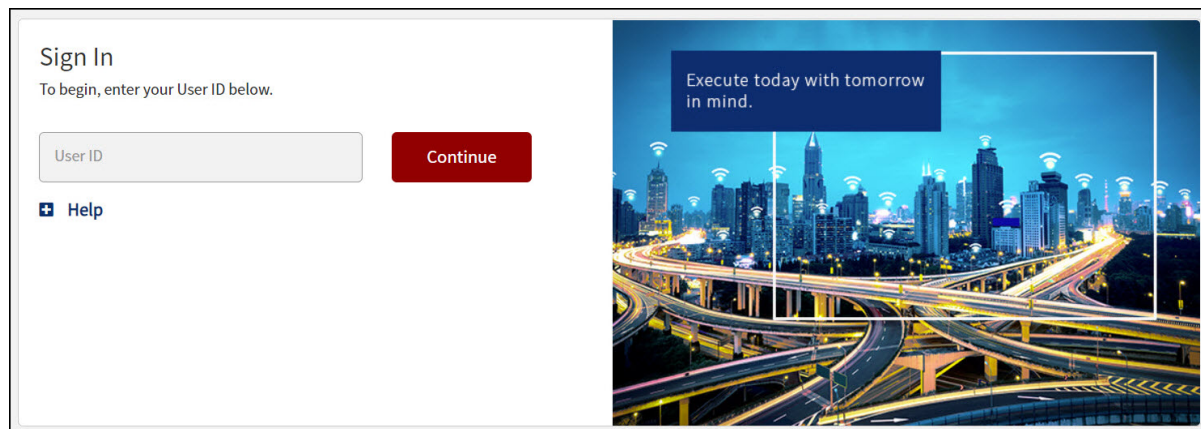

You can perform the following tasks:

- Modify Application
- Submit Documents
- Add Location
- Check Application Status

Each of the above tasks is a link to the specific section.

Before you begin, log in to the Insurance Solutions portal by going to <https://insurancesolutions.lexisnexisrisk.com/idslogin/>.

Enter your user ID, and click **Sign In**.

If you do not recognize your security image, there may be a problem with your user ID. Contact the Customer Support team either at 800.456.6432 or through the chat functionality.

If you previously selected **Password** as your preferred method of sign-in, the system might not recognize your location. In that case, you will see a screen asking you to select an option to receive the LexisNexis[®] One Time Password (OTP). Select an option, and click **Send Passcode**. Enter the passcode that you receive, and click **Verify Passcode**.

Submit Documents

If LexisNexis® needs business documents from your agency, you will receive an email indicating that a request has been made via the agency onboarding portal.

Procedure:

1. When you log in to the portal, a flashing number is displayed on the **Requests** tab.

Document	Created On	Documents Reviewed	Submitted On
Test Agency Victor Portal Application for Service Contract ()	10/10/2019 07:28 AM	10/10/2019 07:30 AM	10/10/2019 07:30 AM

Along with the submitted application, you can see the following information related to your request.

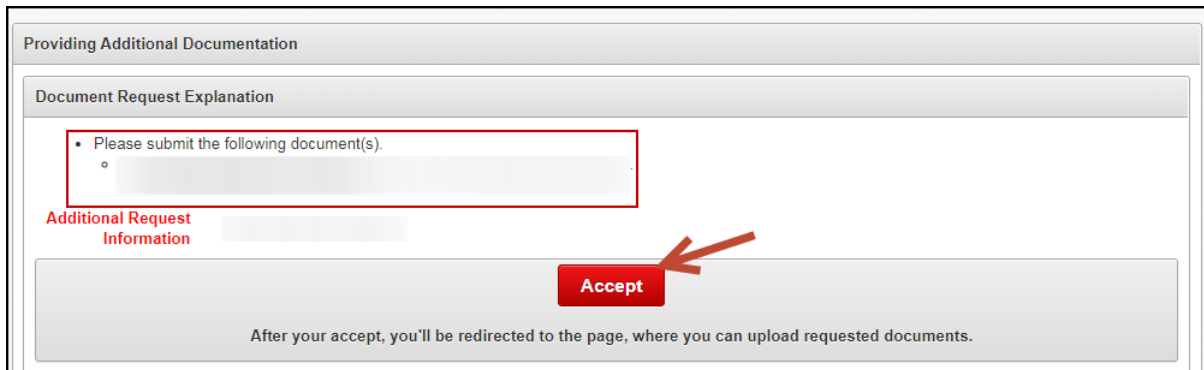

Request-related Information

Data Item	Description
Setup request status	Status of the request
@Agency node	A temporary reference number This number is converted to a J-node when your application is approved after onboarding and verification.
Credentialing status	Indicates status, with comments about what is pending to continue the verification process
Sponsor status	Pending or Active status, with the carrier's name

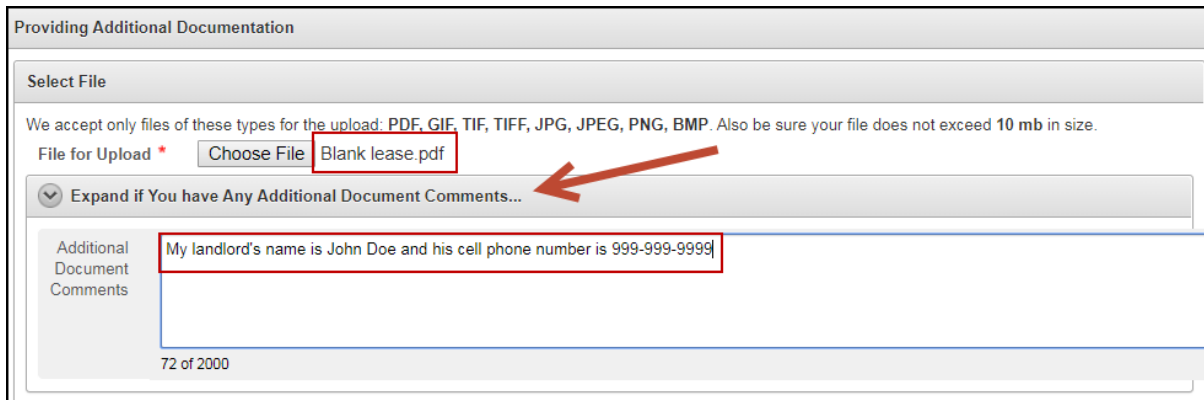

2. Click the **Requests** tab to view the request details. Click **Please accept request!** to view the pending documents to submit.

Request	Created On	Request Accepted
Additional documents request	10/10/2019 08:18 AM	Please accept request!

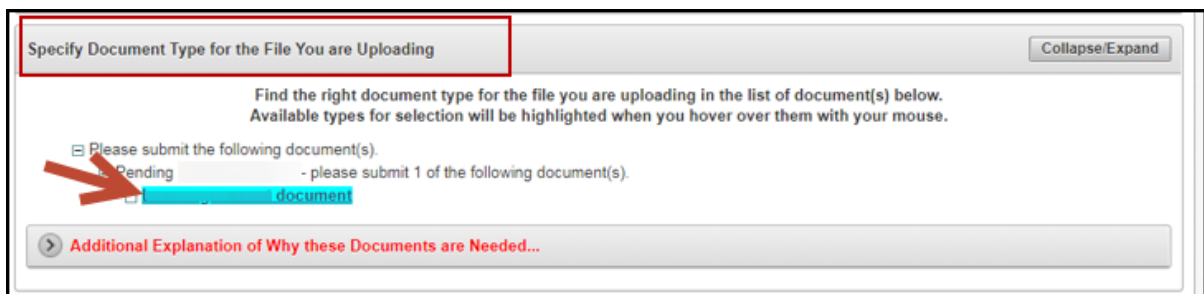

3. View the list of pending documents to submit, and click **Accept**.

4. On the Providing Additional Documentation page, click **Choose File** to upload the document from your computer. Note the acceptable document formats that can be uploaded.
The document that you uploaded is displayed.
Click **Expand if You have Any Additional Document Comments** to add any notes or details that LexisNexis may need to complete your request (such as landlord contact information).

5. In the Specify Document Type for the File You are Uploading section, click the document name.
The document name is highlighted in blue.

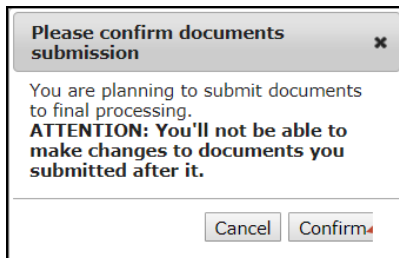

A message is displayed asking you to confirm the file format and document type. Click **Confirm**.

6. Click **Submit Documents**.

A confirmation message is displayed indicating that you will not be able to make changes after submission.

7. Click **Confirm**.

The **Documents** tab displays the document that you uploaded.

NEW ADDRESS

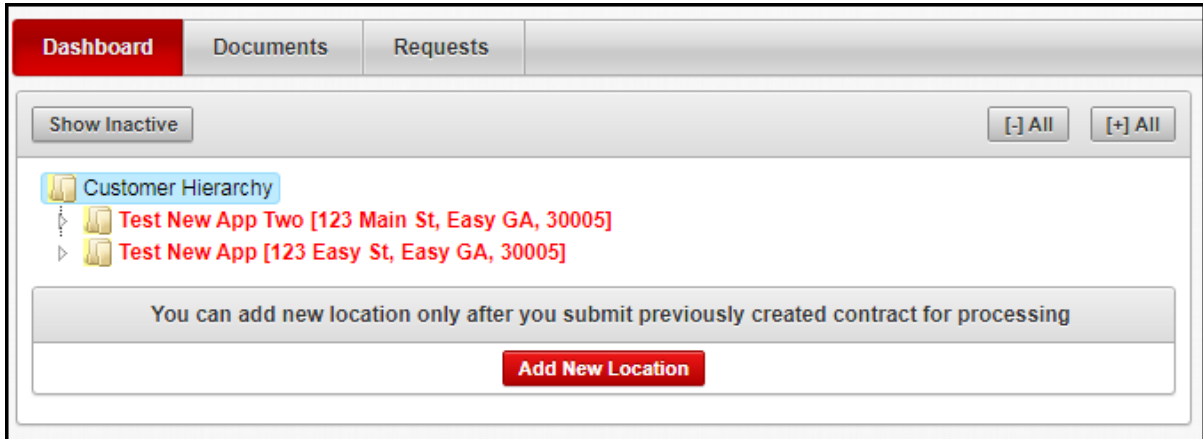

Click **Generate Contract** to create new documents for you to review, sign, acknowledge and submit.
The modified application is now available under the **Documents** tab.

Add Location

You must submit an application for every location from which you need access to our products.

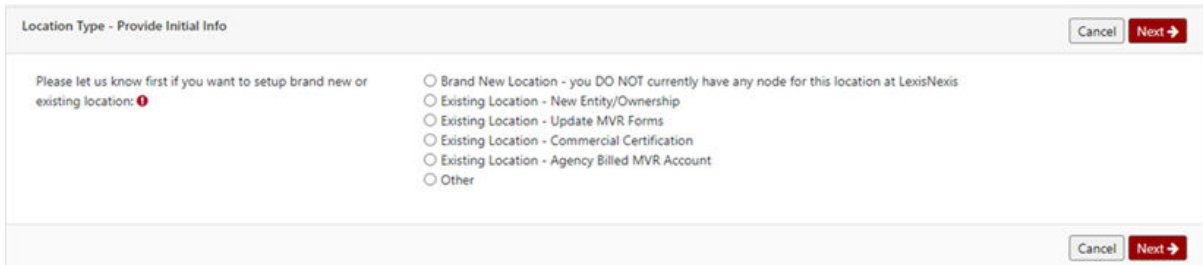

Procedure:

1. After you log in to the portal, on the dashboard, click **Add New Location**.

The screenshot shows the LexisNexis dashboard with tabs for Dashboard, Documents, and Requests. The Dashboard tab is active. Below the tabs, there is a 'Show Inactive' button and two buttons labeled '[-] All' and '[+] All'. A 'Customer Hierarchy' section shows a tree structure with two items: 'Test New App Two [123 Main St, Easy GA, 30005]' and 'Test New App [123 Easy St, Easy GA, 30005]'. Below this, a message states: 'You can add new location only after you submit previously created contract for processing'. At the bottom, there is a red button labeled 'Add New Location'.

2. On the Location Setup Wizard page, select **Brand New Location**, and click **Next**.

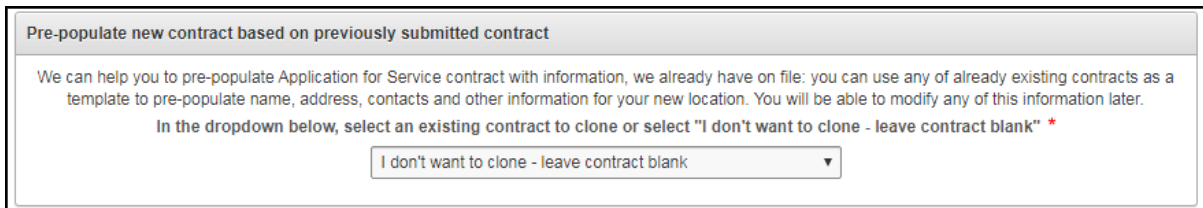

The screenshot shows the 'Location Type - Provide Initial Info' page. It has a 'Cancel' button and a 'Next' button with a right arrow. The main content area contains a message: 'Please let us know first if you want to setup brand new or existing location:'. Below this, there are six radio button options: 'Brand New Location - you DO NOT currently have any node for this location at LexisNexis', 'Existing Location - New Entity/Ownership', 'Existing Location - Update MVR Forms', 'Existing Location - Commercial Certification', 'Existing Location - Agency Billed MVR Account', and 'Other'. At the bottom, there are 'Cancel' and 'Next' buttons with a right arrow.

3. From the drop-down list, choose whether you want to clone an existing application or leave the contract blank.

You will be able to modify a cloned application.

The screenshot shows a dialog box titled 'Pre-populate new contract based on previously submitted contract'. The text inside says: 'We can help you to pre-populate Application for Service contract with information, we already have on file: you can use any of already existing contracts as a template to pre-populate name, address, contacts and other information for your new location. You will be able to modify any of this information later. In the dropdown below, select an existing contract to clone or select "I don't want to clone - leave contract blank" *'. Below the text is a dropdown menu with the option 'I don't want to clone - leave contract blank' selected.

4. Select the user(s) that you want to add to the contract, and add the user to the Contacts pane on the right.

Pre-populate contacts for the new contract

If you would like to use the existing contacts from previous contracts and/or existing agency onboarding portal users, then please select the contact(s) from the left box and add them to the right box. The contact(s) in the right box will be pre-populated on the new contract. The first contact in the right box will be identified as the Agent Primary. You will be able to modify any of the contact information in the new application workflow.

Existing contacts and agency onboarding portal users		Will be pre-populated as contacts in the new contract
User, New (.....nail.com)	   	
User, Secondary (secondaryuser@email.com)		

Click **Next**.

5. Continue creating the application by following the steps detailed in "Complete New Application" on page 18. Once you submit the application, you can view it on the dashboard.

Check Application Status

You can check the status of your application by logging in to the Insurance Solutions portal.

On the dashboard, the agency information appears on the left pane.

The screenshot shows the LexisNexis Insurance Solutions portal dashboard. The left pane displays a 'Customer Hierarchy' tree with the following items:

- Test New App Two [123 Clone St., Easy GA, 30005]
- Test Agency Three [123 Main St, Easy GA, 30005]
- Test New App Two [123 Main St, Easy GA, 30005] (@)
- Test New App [123 Easy St, Easy GA, 30005]

Below the hierarchy is a message: "You can add new location only after you submit previously created contract for processing" and a red button labeled "Add New Location".

The right pane shows details for "Test New App Two [123 Main St, Easy GA, 30005] (@)". The details are organized into sections:

- General**
 - Overall Status: In process by LexisNexis - see Process section for details
 - Contract ID: [redacted]
 - Created on: 01/13/2020 05:37 PM
 - Name: Test New App Two
 - Submitted to LexisNexis on: 01/13/2020 05:40 PM
 - Submitted to LexisNexis by: [redacted]
- Address**
 - Street: 123 Main St
 - City: Easy
 - State: GA
 - ZIP: 30005
- Processing**
 - LexisNexis started processing on: 01/16/2020 10:10 AM
 - Temporary node: (@)
 - Overall status: PENDING
 - Passed to Credentialing on: 01/16/2020 10:15 AM
 - Credentialing comment: Pending lease agreement
 - Name: Test New App Two
 - Address: 123 Main St
 - City: Easy
 - State: GA
 - ZIP: 30005

When you select an agency location in the customer hierarchy, the status information is displayed on the right pane. You can expand the customer hierarchy information by clicking on the arrows or by clicking **[+] All**, to view the node ID, users, documents, requests, accounts and contacts.

After approval, the agency information appears as shown in the following image.

The screenshot shows the LexisNexis Insurance Solutions portal dashboard. The left pane displays a 'Customer Hierarchy' tree with the following items:

- Test New App Two [123 Clone St., Easy GA, 30005]
- Test Agency Three [123 Main St, Easy GA, 30005]
- Test New App [123 Easy St, Easy GA, 30005] (@)
- Test New App Two [123 Main St, Easy GA, 30005]
- Maintenance
 - Agency Onboarding Portal Users
 - Documents
 - Requests
- JL (Node ID)
- ACCOUNTS
- CONTACTS

The right pane shows details for "JL (Node ID)". The details are organized into sections:

- General**
 - Node Status: Active
 - Name: Test New App Two
 - Node: JL
 - Agency Number: [redacted]
- Address**
 - Address: 123 Main St
 - City: Easy
 - State: GA
 - ZIP: 30005

Appendix A

Google Authenticator Use Cases

If you use Google Authenticator as your preferred method of sign-in or to receive the LexisNexis[®] One Time Password (OTP), you might encounter specific scenarios such as having to re-register your device, Google Authenticator not being available, or an invalid passcode.

Re-Register Device

In certain situations, it becomes necessary to re-register your device on Google Authenticator for the portal. Reasons to re-register include changing your device, uninstalling and re-installing the app, or accidentally deleting the app.

Before you begin this task:

Log in to the portal.

You can have only one device registered on Google Authenticator for the portal. A new registration automatically voids the previous registration.

Procedure:

1. On the portal header, click **Security Settings** or **Account Settings**.
 - If you previously selected **PIN and Google Authenticator Passcode** as your sign-in method, you can re-register your device through the **PIN or Password** tab.
 - If you previously used Google Authenticator only to receive the OTP, you can re-register your device through the **One Time Passcode** tab.Navigate to the appropriate tab.
2. Click **Re-Register Device**. On the confirmation window, click **Continue**.

3. If you are using your original device, there might be an existing registration on Google Authenticator. Delete the existing registration by following these sub-steps. If you are using a different device with no existing registration, proceed to step 4.

Once you delete the existing registration, the passcode from that registration becomes invalid, and will no longer work.

Failure to delete the existing registration before re-registering, might result in two registrations showing up on your mobile device, which might be confusing. Therefore, it is recommended that you first delete the existing registration before re-registering.

- iOS platform:

- a. In Google Authenticator, click .

- b. Select the Insurance Solutions entry, and tap **Delete**. Provide the confirmation to delete the existing registration.

- Android platform:

- a. In Google Authenticator, tap and hold the existing registration for a few seconds.

- b. Tap **Delete**. Provide the confirmation to delete the existing registration.

4. Continue to register your device by following the steps outlined in “Set Up Sign-in Method”.

Google Authenticator not Available

If you use Google Authenticator, and for any reason, are unable to access the six-digit passcode on Google Authenticator, you can use a password to sign in.

If you have not created a password, follow the steps outlined in this section.

If you have previously created a password, you can log in using the **Sign In using Password** option on the Sign In page.

Once you log in, you can change your preferred method of sign-in by clicking the **Account Settings** or **Security Settings** tab on the portal header.

Procedure:

1. On the Login page of the portal, enter your user ID, and click **Continue**.

The Sign In screen is displayed with the option to enter your PIN (Personal Identification Number) and passcode.

The screenshot shows the 'Sign In' page. At the top, it says 'Sign In'. Below that is a 'User ID:' field with a masked input. A message states: 'If the security image or description displayed below is incorrect, please contact customer support.' To the left is a security image of a goldfish. To the right is a text input field labeled 'PIN + Google Authenticator Passcode' and a 'Sign In' button. Below the input field are three links: 'Forgot PIN?', 'Do not have access to Google Authenticator?', and 'Sign In using Password'.

2. Verify the security image and description, and click **Do not have access to Google Authenticator?**. The Forgot Password page is displayed.

The screenshot shows the 'Forgot Password' page. At the top, it says 'Forgot Password' with a '* Required' indicator. Below is a message: 'Please enter your recovery email () to receive a one-time passcode. Upon verification of the one-time passcode, you will be able to reset your password.' There is a text input field labeled 'Email *' and a red 'Send OTP' button.

3. Select your option to receive the OTP. Enter your recovery email address or phone number, and click **Send OTP**.
4. Enter the OTP that you receive, and click **Verify OTP**.
A screen is displayed prompting you to create a new password.
5. Create a new password, re-enter the password, and click **Save Password**.
The Sign In page is displayed.
6. Click **Sign In using Password**.
7. Enter the password that you created, and click **Sign In**.
You are now successfully logged in.

Invalid Google Authenticator Passcode

If the portal shows the six-digit Google Authenticator passcode as invalid, it could be because the passcode is near expiration.

Since the passcode in Google Authenticator is time-based and changes every 30 seconds, make sure that you enter the passcode when the numbers are blue, and not red. If the numbers are red, wait a few seconds until they turn blue, and then enter the passcode.
